Firstly, I'd like to thank our Careers and Pathways Team for organising out greatest number of **Year 10 students being out on Work Experience** last week. The feedback we received from employers was amazing – with some wanting to snatch up our students already:

Jessika Palacios: *Bridge Church* – “Absolute champion! Met graphic designers and came up with designs ones of which they would like to produce! Well done Jess!”

Sophie McMahon: *Luson the Vue Aged care* - "Sophie went out of her way to make a storybook for a resident. Went above and beyond. Was an absolute gem!"

Belinda Smith: *Heathdale Christian College* – "Absolutely wonderful. Wants to keep her. Was better than some employees!"

Georgia Menhennett: *Goodstart Barber Drive childcare/kinder* – "Fantastic! So much enthusiasm was extremely helpful"

Lachlan Jeans: *Doubletree by Hilton*. "So enthusiastic. Was in early every morning. Also had **Jerell Resoort** the week before. Both worked at front desk assisting with check-in and check-out then moved for food and beverage. Both students did a great job"

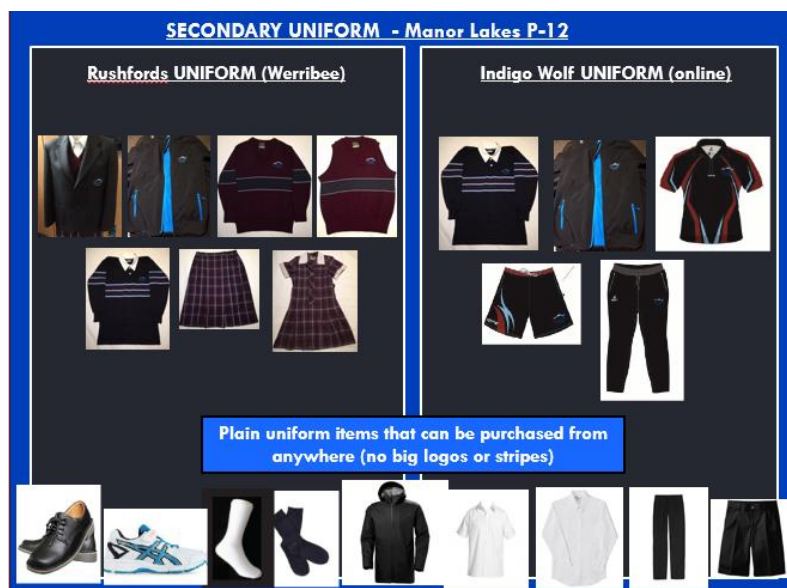

Haylee Wilson: *Salt and Pepper Café* – "Fantastic! Picked up everything easily. Not afraid of customer service washing dishes or anything they needed. Was early every morning. Even staying later some days and had a 5am start for a catering service day"

Zakota Courtney: *David McCarty Plumbing* – "Worked in factory and out on the road with plumbers. Asked plenty of questions and was very interested in all that plumbers do."

Thank you also to the Year 9 Team for organising our first ever **Year 9 Camp**. The camp was held at The Summit in Trafalgar. Students got to meet snakes, orienteer, drop from the high swing, climb the high wire, take part in a tough mudder, sleep in heated tents. I was lucky enough to be belayed by students on the high wire – they promised not to drop me, and I was happy to survive!

As the weather gets colder, we'd like to remind students and their families that hoodies, leggings/skins, tracksuit pants with big logos and stripes, and/or jeans **are not** school uniform.

Students who are out of uniform, are able to borrow uniform for the day from the Wellbeing Hub Portable **Uniform Bank**. If families have any queries about this – please do not hesitate to contact your child's Year Level Coordinator or Head of School.

We welcome all new families to the Manor Lakes community and hope you enjoy the articles below.

Prep 2020

Do you have a child eligible to enrol in **Prep in 2020**?

If you have not enrolled your child in prep 2020 we will be holding our **FINAL** parent information session on **THURSDAY 19th SEPTEMBER at 2:10pm**.

Please contact the college on 9741 4202 to register.

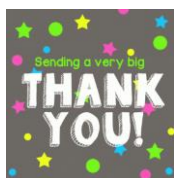

College Newsletter

As a result of recent Parent Forums, we will be publishing separate Primary, Secondary and Supported Learning newsletters from term 4.

We hope that this will focus our communication to relevant audiences across the College. All newsletters will continue to be accessible on Compass. Compass will continue to be one of our main forms of communication, particularly for special events and reminders.

If you have any feedback or questions, please contact **Chelsey Marks** (Primary Assistant Principal) at chelsey.marks@manorlakesp12.vic.edu.au

Thank you!

Massive thank you to Kim & Chris Cody of **Cody's Café** for their amazing donation towards Breakfast & Emergency Lunches.

Year 10 2020

It has been decided to run an information session in regards to subjects for Year 10 2020 direct with Students during a special assembly next week. Information Packs will be handed out to students at this time, therefore the advertised **Information Evening on Tuesday 27th August has been cancelled**.

It is imperative that you book an appointment for Course Counselling. Please use the form inside the pack to book a Course Counselling appointment for **Thursday 5th September**; completed request forms can be handed direct to Viv in the Eyre Building or dropped off at Burley Griffin Administration. Course Counselling will take place in the Eyre Building between 9.00am - 5.40pm. Appointments usually take around 20 minutes.

A reminder that Year 9 students will not have any classes on this day (Thursday 5th September) to allow students & parents time to attend their Course Counselling appointment.

Year 12 Valedictory Dinner

The Year 12 Valedictory Dinner event brings together students, families and college staff to celebrate the Graduation of the Year 12 cohort of 2019. This year the dinner will be held on **Thursday 28th November**. Doors open at 6.30pm for a 7pm start. The event runs until 10pm.

A maximum of 4 tickets will be reserved for each family until Monday 7th October, after which all remaining tickets will be available to any further family members wanting to purchase them. Please go to <https://www.trybooking.com/book/event?eid=533309&>

Please contact **Stuart Hay** at the College for any questions/clarification.

Please note: You will also need to purchase a ticket for your Yr. 12 student. The 4 tickets is INCLUSIVE of the student. That means 1 ticket per student and 3 guests. We will open it up to purchase extra tickets after the 7th of October.

World's Greatest Shave

Tristan Seguna of Grade 5B has been growing his hair for the past two years in order to take part in the World's Greatest Shave. He will shave his hair off at:

Tobin Brothers
2 tower Rd Werribee
2pm-4pm
31st August

Tristan is raising money for the Lung Foundation and would really appreciate if you could donate, no matter big or small, to help achieve his target of raising \$1000.

Please show Tristan your generosity by donating to his fundraiser, by visiting the following donation page link:

Health Information

The Department of Human Services supplies to all schools *The Blue Book*, which details information on many community-based infections. At times we will highlight different community concerns and will send, via the newsletter the guidelines supplied to us from *The Blue Book* and the Department of Health (Victoria); please find information below on **Hand, foot and mouth disease**.

What is Hand, foot and mouth? Hand, foot and mouth disease is caused by a virus which causes blisters on the hands and feet, in the mouth and often in the 'nappy' area. It generally is a mild disease that lasts seven to ten days.

What are the symptoms of Hand, foot and mouth?

The common symptoms are:

- A high temperature (fever)
- Sore throat

- Small, blister-like lesions that may occur on the inside of the mouth, sides of the tongue, palms of the hands, fingers, soles of the feet and the 'nappy' area.

How long does it is infectious? The skin blisters are infectious until they become crusty and there is no fluid in the blisters.

Children should be excluded from school, kindergarten and child care centres until all the blisters have dried up.

Can Hand, foot and mouth be treated? There is no specific treatment. Use paracetamol as directed for fever. If fever persists or there are worrying symptoms consult your local doctor immediately

Preventing the spread of Hand, foot and mouth disease:

- Good personal hygiene is essential.
- Washing hands carefully after contact with the blister
- Allowing blisters to dry naturally and never pierce blisters

For Further information please contact [your local doctor](#), [Better Health Channel](#) or [Victorian Department of Health](#) on 1300 651 160

Future of Work

Wyndham City Libraries and Youth Now are excited to present a new event: Future of Work at the Plaza Library on September 5. The Future of Work will feature a career and training expo, followed by a panel discussion where our experts will share their perspectives on the theme 'The Future of Work'.

This free event is for young people and their families, people who work with young people—and anyone else interested in what the world of work is likely to look like in the future

4.30pm-6.00pm: Career and Training Expo

Featuring stalls and activities, including career quizzes, resume help, new tech, and education and employment advice and opportunities. Participating organisations include:

Victoria Police
Deakin Uni
VU Polytechnic
Wyndham Tech School
WCC Libraries
YouthNow

WCC Talent Acquisition
Kulture Hive
The Huddle
WCC Youth Services
And more!

6.15-7.45pm: Panel Discussion and Audience Q&A

Join us for refreshments and learn from our experts as they share their take on the theme 'The Future of Work'. There will also be a chance to ask questions.

FACES

FACES (Fundraising and Community Event Support) are looking for members of our school community who can help with preparations for the College's 'Big Day Out' which is being held on Saturday Oct 26.

Each Friday in the Gordon staff room we will be meeting to complete different tasks. Commitment for every week is not required - come when you can. An hour or two of your help is all we ask.

Projects include making flyers, signs and help prepare and organise stalls.

Volunteering gets you out of the house, helps you make new friends and gives you satisfaction of helping to achieve something. If you're planning to go back into the workforce, volunteering is a great asset on your resume - these are just a few of the benefits of volunteering within your community.

Please contact Bec on 0403175925 or faces@manorlakesp12.vic.edu.au for more info.

I hope to see some new faces and bring a friend.

WEEKLY CAREER NEWS

27 Aug 2019

Websites: Vocational & Trades

Australian Apprenticeship Pathways: You will be able to undertake apprenticeship aptitude tests, find local apprenticeship and group training centres, and learn about different trade occupations, www.aapathways.com.au/

Defence Jobs: explore technical trades in the Navy, Air Force and Army, www.defencejobs.gov.au/

Do you need a White Card? If you would like to undertake work experience or work in the construction industry, you will need to complete occupational health and safety induction training. To prepare for this, you can undertake the 'White Card Game'.

Through an online first-person perspective, the goal of the game is to identify, control and report workplace hazards on a construction site without getting injured or causing the death of workmates. Go to www.whitecardgame.com.au/

The Good Careers Guide: You can search over 400 different occupations narrowed down by the field or type of work you would like to do in the future (e.g., helping/advising), <http://bit.ly/2a7Qr0Z>

Plumbing Careers: learn about careers in plumbing and specialisations such as water, sanitary, gasfitting, roofing, drainage, and mechanical services, <http://bit.ly/2asQfck>

My Skills: You can search for and explore vocational courses across Australia, learn about in demand jobs and watch videos of young people who have completed vocational training, <http://bit.ly/1D8uek7>

SkillsOne: you can watch videos about different trades, www.skillsone.com.au/

Interested in studying human behaviour?

Would you like to become a psychologist?

You will need to start your education by studying a Bachelor degree with an Australian Psychology Accreditation Council (APAC) approved major in psychology. Not all psychology majors are approved by APAC, so you will need to contact the institution you would like to study at to double check. For more information, go to <http://bit.ly/2xqsTeQ>

Careers in Psychology: Deakin University has developed an excellent website showcasing different careers in Psychology. Go to <http://bit.ly/2wLNAof>

CSU is searching for their 2020 engineering students

Charles Sturt University (CSU) offers an engineering program that is unique in Australia. Students undertake a Bachelor of Design Technology/Master of Engineering over 5.5 years.

They complete the first 18 months at the Bathurst campus (NSW), then complete the rest of their studies as a paid student engineer over four year-long placements. They will accept only 30 students and are looking for entrepreneurial young people who want to change the world, <https://bit.ly/2PbyIPs>

Finding the right path for you!

Did you know?

- Between 20 – 30% of first year students drop out of or change their university course.
- About 50% of trainees drop out of their apprenticeship/traineeship.

Don't become a statistic- make sure you don't just fall into a course or job. You still have plenty of time to make the right decisions and put in the groundwork.

You will be making the wrong career choice if you base your decision-making solely on any of the following:

It looks cool on TV (e.g., Boston Legal, Suits, CSI, Criminal Minds). This is NOT reality. People don't walk around crime scenes wearing the latest fashions, or work in labs with their hair out. Nor do they receive crime scene test results overnight. If you want to watch a good program, watch an Australian reality series like:

- Border Security Australia, Seven Network
- The Recruit, Victoria Police
- Testing Teachers, SBS

Or read autobiographies of people working in the industry you are interested in.

Your parents expect you to do it. This is a tricky one. You want to study history, but your parents expect you to study law, medicine or dentistry.

Following your parents' guidance will make them happy, but considering you will probably work until you're 70 years old and will be an independent adult, it's important that you are happy and fulfilled in your life.

The job pays a lot of money. We know occupations like Dentistry, Law and Mathematics pay well. But would you want to sit through four years of Law if your heart wasn't in it, and you didn't enjoy things like researching, debating, reading and analysing?

And would you want to commit years of study to becoming a Dentist or Surgeon through taking subject after subject in sciences when your real passion is humanities?

If you want to follow the path that will lead you to a satisfying career, there are a few things to think about.

You don't know what you don't know: There is a world of opportunity out there with an enormous range of career options. There are jobs that will suit you that haven't even been invented yet!

How would you know that you would like to study biomedical engineering if you have only studied physics and mathematical methods at school? How would you know that you would love anthropology if you have only studied sociology at school?

Network: Do work experience. Worried about missing school? Go for one or two days- you don't have to go for a whole week. You won't be able to build up a realistic picture of what an occupation is like by just reading a brochure.

Be flexible and ready for change: You will probably change your career direction several times throughout your lifetime and you will work for different companies. You may also change your course or apprenticeship, drop out of study, work for a while, go back to study, drop out again, travel, pick up some TAFE study, work in different jobs....you don't know what lies ahead in your future but be prepared to be flexible and resourceful.

Participate in experience days, open days, career events organised by your school etc. One small thing may spark a new interest, or affirm current career interests.

Use YouTube: Sounds simple, but YouTube is a fantastic tool for researching courses and occupations. Just search 'careers in Australia' and you will be able to listen to people working in the occupation you are interested in.

Career Adviser: make a time to see your Career Adviser. They will be able to provide expert guidance.

Access your allies: For many people of your generation, it's completely normal to not have post school career goals. Most importantly, speak to the people who know you best. They will be able to advise you well and support you throughout your journey.

Are you creative? Do you love working on computers? Do you enjoy media?

You may be suited to studying digital media. IT, coding, design and multi media skills are currently in demand and will continue to be desired workplace skills in the future. The following are examples of digital media courses you can study at Victorian institutes:

Bachelor of Design (Digital Media), RMIT:
<http://bit.ly/2bQKzrJ>

Bachelor of Design (majoring in Digital Media Design), Swinburne University,
<http://bit.ly/2bApAc1>

Bachelor of Digital Media, Macleay College, Melbourne, <https://bit.ly/2liqzj1>

University applications – VTAC

Year 12 students – have you started your VTAC application yet?

If you are planning to study at a Victorian university or TAFE within the next two years, you may have to apply through the Victorian Tertiary Admissions Centre (VTAC).

You don't have to know what courses you would like to apply for at this stage, but you will need to start your application by the 30th of September to avoid a late fee.

The following are steps to follow to get started on your application.

Step 1: Create a VTAC Account

Video on how to create your account - <https://bit.ly/2XVBiHV>

1. Go to www.vtac.edu.au/
2. Click 'Sign Up'
3. Work through the steps. You will need your VCAA/NESA ID number and you can make up your own 4-digit pin.

Step 2: Apply for at least 1 course

Video on how to order preferences - <https://bit.ly/2M25EKL>

1. Go to www.vtac.edu.au/
2. Click on Login and enter your VTAC ID and Pin (this has been emailed to you).
3. Select the course application link
4. Work through the steps. You can apply for up to 8 courses. You can change for your preferences for most courses later.

Step 3: Pay processing fee

1. Login to your VTAC Account
2. Select the payment link
3. Click on the PayPal button and then pay via PayPal or Credit/Debit card
4. Pay the one-off \$39 processing fee by Monday 9 December.

Step 4: Special Entry Access Scheme (SEAS)

Work out your eligibility for any of the four categories by exploring the VTAC SEAS site- <https://bit.ly/1PG8zf4>

1. Login to your VTAC Account
2. Click on the SEAS link and apply for any of the 4 categories that you are eligible for.
3. Organise supporting statements and any other required documentation and post them with the SEAS document cover letter to VTAC by 11 October or upload directly to the website.

Step 5: Access and Equity Scholarships

Read about the scholarship application process and required evidence here- <https://bit.ly/1Kxa6kh>

1. Login to your VTAC Account
2. Click on the scholarships link and work through the steps.
3. Organise supporting statements and any other required documentation and post them with the Scholarship document cover letter to VTAC by 11 October or upload directly to the website.

University applications - UAC

If you are planning to study at a NSW or Canberra university or TAFE within the next two years, you may have to apply through the Universities Admissions Centre (UAC).

You don't have to know what courses you would like to apply for this stage, but you will need to start your application by the 30th of September to avoid a late fee.

The following are steps to follow to get started on your application.

Step 1: Create a UAC account and apply for courses

1. Go to www.uac.edu.au/
2. Under 'Apply or Login', click on 'Undergraduate Application'.
3. Click 'Start your application'
4. Fill out each section. For Victorian students, the four-digit pin is the first four digits of your birthdate and for NSW students, UAC has emailed your pin.
5. Apply for at least 1 course; you can enter up to 5 preferences. You can change your preferences later.
6. Download and print off the confirmation application package - this will list your UAC number.

Step 2: Pay processing fee

1. Once you complete your course application in Step 1, you will have the option of paying online.
2. If you would like to pay later, you can select BPay or Bill Pay and download an invoice with your confirmation application package.
3. You can pay the one-off \$70 processing fee at the post office or via BPay.

Step 3: Education Access Schemes (EAS)

1. Work out if you are eligible for any categories by exploring the EAS site- www.uac.edu.au/eas/
2. Download and print the 2020 EAS Booklet
3. Within your UAC account, click on the EAS tab
4. Apply for any categories you may be eligible for via the online portal and download the cover sheets.
5. Organise the evidence needed.
6. Upload or post evidence required with the cover sheets to UAC by Friday 29 November.
