Next week is Transition Week for year 8, 9 and 10. **All subject classes will run via the Transition timetable that students will receive.** There will be **no rolls on Compass**. Teachers will mark digital rolls monitored by the year level Coordinators. The Front office will use these rolls to locate your child during class times should you need to contact them.

Students meet at the following places at 8:50am Monday:

All future 8s - Village Square for assembly in Barlee Gym

All future 9s - Amphitheatre to go into Secondary Gym.

All future 10s - assemble in Amadeus from 8:50.

Thanks for your support with this process.

Reports Now Available on Compass

Progress Reports for Cycle 3 for each subject/class have been published and are now ready for you to view on Compass.

MANOR LAKES COLLEGE FIRST CHESS CHAMPION

Chess Club has been happening all year for our students but, in Term 4, a Chess Tournament was held across Years 7 to 10 to find out who Manor Lakes College first Chess Champion would be. The competition was hotly contested with the final being between a Year 10 Advanced Maths student - **Raphael B** - and a Year 8 Enrichment student - **Amrit S**. Both boys played brilliantly, with the game reaching two 'stalemates' and a third match between them having to be played. It was at the third game that Raphael managed to put Amrit in 'checkmate'. Well done to both boys! Pictured below is Raphael with his trophy and Amrit with his runner up medal which were presented at assembly.

Supported News

SSB have continued to have a busy term, with travel training to Geelong Botanical Gardens and Ten-Pin Bowling. We have continued to make lunch time meals for students in Echo and Eildon classes, alongside SSA students. SSB students have worked hard washing cars in weekly sessions with Mamta. We have also continued to enjoy our daily reading and literacy lessons. We are now looking forward to our holidays which are fast approaching.

Western Edge Youth Arts

The Western Edge Youth Arts theatre group, across Footscray, St Albans, and Wyndham Vale, delivered *The Watching* to its three suburbs last month.

Held at the Wyndham Cultural Centre on the 19th of November, *The Watching* delivered countless eye-opening jabs at the way we may judge others before taking the time to look inwardly and reassess.

“Using comedy and fantasy allowed our ensembles to explore themes and issues that they really wanted to talk about but are difficult to discuss: love, loneliness, revenge, teenage pregnancy, mental health, feminism, queer relationships, and growing up as a person of colour in Australia.” - WEYA

Our very own students: Ella Hill, Ella Jansen and Jerrell Resoort transported the audience into a time of nobility and status. The use of props and humour brought the scenes to life as they explored the ideas of true love and the lengths one will go to to rise in power.

Well done to all actors, and we especially look forward to seeing our own students in more plays in the future.

Year 10 Excursion to the Shrine of Remembrance

A place of heritage, recognition, and commemoration... The Shrine of Remembrance, located in the heart of Melbourne holds historical records and items from the wars Australia has previously been a part of. Early in Term 4, The *Rule the World* students, who have been studying Australia's involvement in World War I, World War II, and the Cold War, caught a train into the city to visit the Shrine to support their current learning and put it into perspective. The students were given a personalised tour, which included viewing the statues and objects from major battles, visiting the crypt and hall of records where some students saw their ancestor's names written within, participating in the Ray of Light service, learning the specific architecture and design of the Shrine itself, and being introduced to peacekeeping efforts. Students were able to put their classroom knowledge to the test in a real-world context and learn more about Victoria's unique history to the war efforts. Thank you to Lynn Tarrant for joining us, and our lovely volunteer tour guides at the Shrine for a meaningful experience.

About 80% of all job vacancies aren't advertised, so it is crucial that you market yourself to businesses with an excellent resume and cover letter. Make sure you tell as many people as possible that you are looking for work as often employers rely on 'word of mouth' to recruit for their positions.

Focus on volunteering

The following article has been taken from the My Career Match website and has been adapted for the Weekly Career News, <http://bit.ly/2k2LN9g>

Volunteering is the single most overlooked skill on resumes.

If you knew that as many as 86% of influencers believe that volunteering would make you more competitive among a pool of job seekers, wouldn't you make sure to put that activity front and centre on your resume?

If you are a student and are told that most scholarships are given to people who volunteer wouldn't you go out and volunteer?

If you are a student applying for entry to a university medical course and you're told that doing volunteer work in a hospital or aged care facility increases the chances of entry, wouldn't you volunteer?

According to the 2016 Deloitte Impact Survey there is a huge disconnect between how important it is to hiring influencers and how much candidates are leveraging their volunteerism to get jobs. Survey respondents found that only 30% of resumes list volunteering.

In the recruitment world of jobs and job seekers, recruiters are overwhelmingly in favour of volunteering as a professional development tool. Among the findings:

- 92% believe volunteering expands an employee's professional skill set
- 85% are willing to overlook resume pitfalls when an employee includes volunteering on a resume.
- 82% are more likely to choose a candidate with volunteering experience
- 80% believe volunteering is an effective way to boost leadership skills
- 73% believe people who volunteer are more successful

On this last point a European study found young people's involvement in volunteer initiatives stimulates the development of creative thinking and the ability to quickly adjust in new situations, it forms tolerance for others' values, social sensitivity and an active civil stance - skills which can be capitalized on when both searching for a job and starting a business.

These skills make young volunteers much more successful on the labour market, compared to their peers, who lack volunteering experience.

One of the important conclusions from the study analysis is that there is a correlation between the skills young people acquire while volunteering and the skills employers look for.

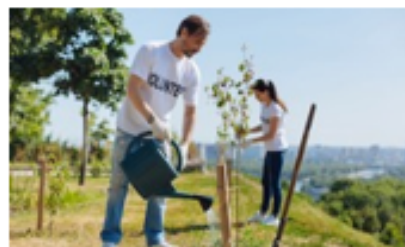

For students having volunteer experience on their resume is extremely beneficial and an advantage over those who don't.

People choose to volunteer for a variety of reasons. For some it offers the chance to give something back to the community or make a difference to the people around them.

For others it provides an opportunity to develop new skills or build on existing experience and knowledge. Regardless of the motivation, what unites them all is that they find it both challenging and rewarding.
