	Boys U16 Rugby League Carnival, 9am – 3pm (Truganina)	2 nd August

Dear Parents and Carers,

This term in Supported Learning students in primary will be investigating “weather” – students have started with winter and were certainly shown what a Melbourne winter really looks like this week! Our secondary students will focus on “Past, Present and Future”.

Just a reminder that the NDIS information and planning sessions will begin next Wednesday 1st August in the Gordon staffroom. If you have not yet registered, please make sure to do so by going to the following link;

Recording Student Absences

There has been a bit of confusion around what is required of parents when recording student absences. You are only required to do **ONE** of the following if your child will be away or you receive a text message saying they are absent:

- Log on to COMPASS and enter an absence note

OR

- Call the College on 9741 4202 and select option 2 to leave a message explaining their absence

If you have already entered a note on COMPASS it is not necessary to call as well.

Indonesian Update

Commencing in 2018, students from Foundation to Year 6 at Manor Lakes College have had the opportunity to study either Indonesian, Hindi or English Intervention. This year there is one class studying Indonesian per Year group from Foundation to Year 6. The Foundation students started Indonesian early in Term 2 and have been very enthusiastic and keen to learn as much as they can about a new language and culture.

They have learnt where Australia and Indonesia are located on a world map, how close the two countries are to each other and that Indonesia is Australia's closest neighbour. In the photos the Foundation students are engaging in various counting activities. They need to spin a spinning top and then count using the numbers in Indonesian for how long it keeps spinning. There was also an activity where the students attempted to swing a ball on a string and try to land the ball on the top of the wooden toy. Each attempt they needed to practice counting in Indonesian. This proved to be a fun introduction to counting in a new language!

During Semester One, students in Year 6 learnt about some of the exotic tropical fruits found in Indonesia. This year I was able to find some more durian at Footscray Market which all of the students were keen to taste (and smell!) I also found some star fruit, mangosteen and papaya for the students to try. Many of the students were tasting these fruits for the first time.

Book Week

Manor Lakes College P-6 Book Week 2018

Monday, 20th - 24th August 2018 WEEK 6

Book Character Dress-up Parade-come dressed as your favourite Book Character and be prepared to 'strut your stuff'!

TIME 9:00am

PLACE Barlee Gym

FOCUS ON CYBER SECURITY

Have you considered studying cybersecurity? If you love maths, IT, solving problems, thinking 'outside the square' and working as part of a team, then you may be suited to working in cybersecurity.

Cybersecurity is one of the fastest growing industries in information and communication technologies. Demand for skilled professionals is booming with the rise of cloud computing, artificial intelligence, device interconnectivity and global cyber terrorism.

Graduates can work in industries such as national security, banking and finance, telecommunications, health care, retail, and law and specialists can earn excellent salaries.

Where can I study cybersecurity?

The following are examples of undergraduate cybersecurity courses in Victoria:

Deakin University

- You can study the three-year Bachelor of Cyber Security or combine this course with a Bachelor of Criminology. You can also study the three-year Bachelor of Information Technology with a major in Security, <http://bit.ly/2pEyRbl>

La Trobe University

- You can study the three-year Bachelor of Cybersecurity or combine this course with the Bachelor of Commerce or the Bachelor of Psychological Science, <https://bit.ly/2KXOtNB>

Swinburne University

- You can study the three-year Bachelor of Computer Science with a major in Cybersecurity. You can combine this course with one of the following Bachelor degrees – Engineering (Honours) (including Software and Telecommunications), Laws, or Games and Interactivity.
- Students can also apply for the Bachelor of Computer Science (Professional) with a major in Cybersecurity. Students will be guaranteed access to one year of paid industry experience.
- Course information, <http://bit.ly/2uYJyrN>

Cybersecurity resources

Careers with Code magazine: Has several excellent articles on studying cybersecurity and has profiles of young people working in different industries, <http://bit.ly/2tT2Qd4>

Deakin University recently published an excellent article 'Algorithms – digital detectives in the fight against terrorism', <http://bit.ly/2tCTG9b>

Course search – Victoria, www.vtac.edu.au/

VOCATIONAL & HIGHER EDUCATION NEWS

Deakin Explore: You can search for careers by course, occupation, what type of work would be important to you (e.g., conserving the environment), and by broad interest area (e.g., business). Once you click on an occupation that interests you, you will be given a list of Deakin University courses that could lead you to this career, <http://explore.deakin.edu.au/>

Australian Apprenticeship Pathways: This site enables you to undertake apprenticeship aptitude tests, find local apprenticeship and group training centres, and learn about different trade occupations, www.aapathways.com.au/

Interested in the environment, design, communication, and sociology? You may be interested in studying urban and regional planning in the future.

“Urban and regional planners develop policies and plans for the use of land and resources. They advise on the economic, environmental, social and cultural needs of particular localities or regions as they relate to the built environment and the community.

They also work on large-scale projects such as new suburbs, towns, industrial areas, commercial and retail developments, urban renewal projects and transportation links”, <https://bit.ly/2mF0uxk>

The following are examples of planning courses you can study in Victoria:

- Bachelor of Urban, Rural, and Environmental Planning, La Trobe University, Bendigo, <http://bit.ly/1PILAGQ>
- Bachelor of Design (majoring in Urban Planning), > Master of Urban Planning, University of Melbourne, <http://bdes.unimelb.edu.au/>
- Bachelor of Urban and Regional Planning (Honours), RMIT, <http://bit.ly/2a4LW7I>

Are you considering applying for undergraduate medicine at Monash University? Interview dates have been released for Victorian and interstate students - <https://bit.ly/2HWWn8b>

Defence jobs: This site enables you to explore occupations, courses and technical trades in the Army, Navy and Air Force, www.defencejobs.gov.au/

Bullseye poster: You can explore occupations related to your favourite subjects such as English, Mathematics, Food Studies and Art. Click on the occupation title in the bullseye to explore the career area, <http://bit.ly/1svwa98>

Can't make it to the Victoria University Open Day on Sunday 19 August? You can undertake a virtual tour of the Footscray, Flinders Street, Queen Street, St Albans, Werribee, City and Sunshine campuses online. You can watch the videos at this link- <http://bit.ly/1S73u14>

Free ecotourism course: Charles Sturt University is running a free online certificate course called ‘Introduction to Ecotourism’. Year 12 students considering studying ecotourism in the future may benefit from completing this course and learning about the ecotourism industry in Australia.

Ecotourism is the fastest growing sector of the tourism industry. It has the potential to build local economies, provide opportunities for cultural exchange and encourage sustainable development in tourism. It also has its challenges. To learn about the course and to register your place, go to <https://bit.ly/2Lftbjh>

Take a video tour of the Box Hill Institute campuses: Box Hill offers a wide variety of vocational and higher education courses. If you will be unable to attend the upcoming Open Days, you can take a video tour at the following links:

- Box Hill campus, <http://bit.ly/2aITxwJ>
- Lilydale Lakeside campus, <http://bit.ly/2ajxgyl>
- City campus, <http://bit.ly/2aoToXM>

To explore the courses available at Box Hill, go to www.boxhill.edu.au/

Pathways to Deakin University: If you are concerned you might not receive the ATAR required to gain direct access to your desired course at Deakin, you can apply to undertake a related diploma program at Deakin College. Successful completion of the diploma can guarantee you transfer into the second year of the related Bachelor Degree. For more information, go to <http://bit.ly/1IzA9Sq>

Interested in studying medical science in the future? Gap Medics is a company that offers Australian students in Years 11 and 12 fully supported work experience in Poland and Dominican Republic shadowing senior doctors in a hospital environment. Students interested in studying medicine, surgery, nursing, midwifery, or dentistry in the future are encouraged to apply. For more information, go to www.gapmedics.com.au/

La Trobe Young Writers' Award- If you are in Year 10 and attend a school in Victoria or on the NSW border, you are eligible to enter the Young Writers' Awards. This year's theme is 'one year later'. Entries close Friday 24 August. For information about the competition and to enter, go to <https://bit.ly/2mB437N>

UPCOMING EVENTS

Inside Monash Seminars: Get the inside story of what it's really like to study at Monash. You'll hear from a current student, a past student and an academic. It's the best 90 minutes you could spend researching your course. The following seminars are running:

- 14 August: Music
- 6 September: Information Technology
- 13 September: Engineering

For information and to register, go to <https://bit.ly/2ki2NYw>

Experience Days at Kangan Institute: Kangan is a TAFE with several campuses located across Victoria. The Institute is running the following experiences days at the following campuses in August:

- 2: Docklands campus
- 9: Broadmeadows campus
- 17: Moonee Ponds campus
- 23: Richmond campus

For information and to register your place, go to <http://bit.ly/2ttNFrp>

Victoria University – Legal studies Head Start day for Year 11 students

November 29 | Melbourne CBD

Learn how studying law can lead you into a career in politics or beyond. Head Start is a jam-packed day of speakers and activities designed to prepare current year 11 students who have chosen to study Unit 3 Legal Studies as an elective for year 12.

Find out more - <https://www.vu.edu.au/about-vu/news-events/events/legal-studies-head-start-day-for-year-11-students>

University of Melbourne – Mission Discovery

September 24 – 28 | Parkville Campus

A five- day space and STEM student program for years 7 – 10 secondary school students. Students will learn from NASA astronaut, astrophysicist and ISS commander Dr Michael Foale, NASA leaders and expert scientists from the University of Melbourne.

Find out more - <https://events.unimelb.edu.au/events/10851-mission-discovery>

University of Melbourne – Programming Challenge for Girls

October 31 & November 27 | University of Melbourne

This workshop for Year 9 girls is one of a series enabling students to try out coding in an approachable, fun, challenging and educational environment using a program called Alice.

Find out more - <https://events.unimelb.edu.au/events/10696-programming-challenge-for-girls>

Job Spotlight

Real Estate Agent

If you're a 'people person', and dream of an exciting and varied work life that financially rewards you for the hours you put in, you should consider becoming a real estate agent.

Real Estate Agents are licensed professionals who help people who want to buy, sell or rent property. They help people prepare their homes for sale or rent, and they also help people find a property to buy or rent. Some real estate agents work with commercial property (like factories, retail and office property), and some manage rental property on behalf of the owner.

Watch the video from Seek Learning
[A day in the life of a Real Estate Agent](#)

Salary range:

According to [Payscale](#), median salary is \$48,385 but those with more experience can earn \$77,585 per year and with commission up to \$97,871.

Qualifications Required:

Wherever you live, in order to work in Real Estate, you must first be registered or licensed. Most people who start out in real estate get a Certificate III or IV in Property Services (Real Estate) and undertake some on-the-job training.

To become a Principal (someone who runs their own agency) you'll need an Associate Degree, Advanced Diploma, or at least 3 years of relevant experience.

Here's how to get started

Getting some initial experience within the industry could be a helpful stepping stone - applying for work experience or administration roles with a real estate agent will give you an insight into the job and add some credible experience to your resume.

But before you can work on your own you need to become licensed. There are plenty of study options out there - TAFE, for example, offers online courses specific to NSW, QLD, VIC, SA and WA. Check in with your local TAFE to see what courses they offer.

What does the work look like?

No two days will be the same. You could spend your time showing houses and apartments to potential buyers, providing quotes to possible sellers, or even managing rental property which could be anything from arranging repairs to following up with tenants who haven't paid the rent.

You'll generally be dealing with people all day long, and you'll need a good grasp of money and finances because you're helping people with their biggest investment – their home.

Great real estate agents often have these skills:

Effective communication

Active listening

Organisational skills

Attention to detail

Negotiation

Good time keeping

Resources:

Look at REIQ (Real Estate Institute Queensland) <https://www.reiq.com/> for information about relevant to QLD.

REISA <https://www.reiq.com/> is specific to South Australia.

Community Information Session

Victoria's government education system

When: Monday 6 August 2018
6.30 pm – 8.00 pm (light refreshments provided)

Where: Point Cook Senior Secondary College
cnr Boardwalk Boulevard and Bergamot Drive, Point Cook

The Department of Education and Training is holding an information session about Victoria's government education system. Parents and other members of the community interested in education are invited to attend.

Speakers will include representatives from the Department of Education and Training as well as local government schools. You will have the opportunity to ask any questions you may have about government schools in Victoria.

The Victorian Government's \$8.5 billion record investment in education is building a world-class education system that gives everyone a chance to succeed in life.

In the Education State, our schools offer quality education that help students achieve excellence and prepares them to thrive.

Other information

- Childcare available for children 0 to 6 years old
- Interpreters available if required
- An information session for young people aged 10 to 17 years will be held in the same venue at the same time.

This information session is being coordinated in partnership with the Centre for Multicultural Youth.

RSVP by Friday 3 August, 2018.

Call 03 9340 3764 or text 0403 869 232.

Please include:

- The number of people attending
- If you need childcare
- If you need an interpreter
- If you have a child 10 to 17 years who would like to attend the information session for young people.
