## Supported Learning Term 3

Our Secondary Camp at Blackwood Outdoor Education Centre took place last week. A total of 23 students accessed the camp throughout the week.

Students actively participated in a variety of outdoor activities. They tackled challenges on the high and low ropes courses that focused on agility, strength, balance and co-ordination. Students experienced geo-caching around the township of Blackwood, where the focus was on orienteering, bush walking and team work to reach a specific destination. They rode mountain bikes, climbed hills, shot arrows at targets in archery, were engaged on a night walk with torches and glow sticks, and played team games through an imagination trail.

The highlight was a trip to Sovereign Hill, where students spent a day at the historic township and participated in a variety of activities. These included gold panning, an underground mine tour, 9 pin bowling, a gold pour demonstration, a carriage ride and the ultimate Winter Wonderland where many experienced “snow” for the first time while at the Christmas in July event.

A truly amazing experience for all that attended, with loads of positive adventures for our students.

Our Primary Supported Learning students have begun their 10-week swimming program at Swim 4 All. They will be actively participating in a water awareness and a learning to swim program as part of the Outdoor Education program. They will focus on a range of different skills that include water safety, movement in and around water and a number of different strokes.

Each week the students will develop new skills, increase their water awareness levels, practise their strokes and have fun all while learning to swim.

## Free Meningococcal ACWY Vaccine for Year 10, 11 & 12

### Monday 14<sup>th</sup> August - 9:00am

Parents/guardians of Year 10, 11 and 12 students will receive a Meningococcal ACWY Secondary School Vaccine Program consent card, sent home from school with your child on Thursday 27<sup>th</sup> July 2017. You need to read the information, complete and return the card regardless of whether your child is being vaccinated at school.

The consent card **MUST BE RETURNED NO LATER THAN TUESDAY 8<sup>th</sup> AUGUST** to the Bronte Office. Vaccinations will be administered to students on Monday the 14<sup>th</sup> August commencing at 9:00am.

In 2017 the Victorian Secondary School Vaccine Program will offer free meningococcal ACWY vaccine to students in Years 10, 11 and 12. The vaccine provides protection against four strains of meningococcal disease (ACWY) and is administered as a single dose.

Adolescents are at increased risk of meningococcal disease. Although uncommon, it can become life threatening, very quickly. There are different strains of meningococcal bacteria known by letters of the alphabet, including meningococcal A, B, C, W and Y. In recent years, the meningococcal W strain has increased across Australia, with Victoria experiencing 11 cases to date in 2017 and 48 cases in 2016, compared to 17 cases in 2015, four in 2014 and one in 2013. It is now the predominant strain in Victoria.

The Wyndham City Council immunisation service may contact you about the meningococcal ACWY vaccine program. Schools are authorised to provide basic parent/guardian contact details to local councils for this purpose. A letter regarding the Meningococcal ACWY Secondary School Vaccine Program was uploaded as a Compass newsfeed item on 1<sup>st</sup> June 2017. Parents received notification via the email address on file. This letter was also posted on the Manor Lakes P-12 College Facebook page.

## Compass

Can all parents and guardians please make sure that you are regularly logging onto Compass via the website <https://manorlakesp12.vic.jdlf.com.au/>. This is the College's school management program and will provide you access to all aspects of your child's school life. Functions that parents are able to access include viewing and approving absences, proving consent and paying for excursions and incursions, booking parent / teacher interviews, contacting teachers and keeping an eye on important dates via the College community calendars.

All students currently have feedback uploaded for various curriculum areas and learning tasks. Please access your child's learning tasks to view teacher feedback, scoring (if relevant) and your child's reflection on their learning. Please take the opportunity to provide any constructive feedback to your child and/or child's teacher regarding their learning in the particular curriculum area. A reminder that the college is moving away from traditional end of semester reports, although a summation of your child's learning will be available each semester including AusVELS progression points, any other relevant grading's applicable to VCE/VCAL, additional teacher feedback for personal learning and overall achievement in subject area.

## Personal Property

- Students are discouraged from bringing valuable personal property to school (including mobile phones)
- If students choose to bring valuable personal property to school, they do so at their own risk
- The Department and the college do not hold insurance for personal property brought to schools and therefore it will not generally pay for any loss or damage property own risk.
