	MONDAY 5th AUGUST CURRICULUM DAY. No students at school.	THURSDAY 8th AUGUST Prep 2020 Information Session & Tour 2:10pm	

Prep News

Mad About Science Incursion

During week 9, the Prep students participated in an incursion to deepen their knowledge of 'Light and Sound'. They participated in hands on activities that allowed them to use their senses to focus on the following:

- The differences between light waves and sound waves, as well as the concept of reflection and echoes.
- Explore a range of optical instruments that use lenses and mirrors to change the path of light.
- Experiment with transferring and transforming vibrations (sound energy).

Aarav, Prep E- My favourite part was when we used the glasses and could see all the colours of the rainbow.

Noah, Prep E- My favourite part was when the scientist put the screw in the balloon and it made a loud sound.

Milly, Prep E- I liked when the scientist put the solar panel near the sun and it made the fan work.

100 Days of School Celebration

100 days of school celebration will be held on Friday the 2nd of August.

Students are encouraged to dress as if they are 100 years old.

If you have any questions, please see your child's classroom teacher.

Grade 5 Information Writing

In term 2 year 5 students worked hard to become experts on a chosen animal and their adaptations. Students researched, wrote, revised, edited and published information texts full of surprising facts. Did you know that a wolf's stomach is able to store up to 20 pounds of food or that the great white shark has 300 triangular teeth? Emily was surprised that Pandas have 5 fingers and 1 thumb. Can you believe that a jaguar only lives up to 15 years or that a clown fish has the ability to change from male to female? Have you ever heard that mountain lions can jump up to 5kms in the air or that gulp eels have an expansive stomach to eat prey bigger than them? These are just a sample of the surprising facts the clever students in 5C found out.

Open Classrooms & Maths Open Sessions

Parents are invited to come to their child(ren)s classroom on Thursday 1st August at 2:30pm to celebrate the amazing learning your child(ren) have been participating in. We would love for parents to stay on after open classrooms to learn math games that the children have been enjoying in class and are excited to share. The math open sessions will be held in the Gordon staffroom from 3:15- 4:15.

Crazy Hair/Hat Day

On Friday the 28th of June, the last day of Term 2, we held a Crazy hair/hat casual dress day. It was great to see the many talented students and parents of the Manor Lakes community. I saw rainbows, mohawks, colourful wigs, glitter, and hats and hair of all colours.

Change in Bus Service

As part of bus service upgrades in Melbourne's west, [Route 191 - Werribee Station to Jubilee Estate via Greaves Street](#) will be extended to Manor Lakes and Jubilee Estates.

This means instead of turning off Manor Lakes Boulevard at Minindee Road, it will continue on Manor Lakes Boulevard. Students from Manor Lakes College will be able to catch the service from Manor Lakes Boulevard. There will be bus stops on both sides of the road (the bus will not stop on Minindee Road) – see diagram attached.

These changes will start **from Sunday 28 July 2019**. Full details are available on PTV's [website](#)

Secondary Breakfast Club

Secondary Breakfast Club is now **open every day!**
8:15am – 8:45am in the **Wellbeing Hub** (portable behind Eyre)
Drop in for some breakfast and a chat before school.

*Cereal * Hot Milo * Fruit cups * Toasties

2020 School Photos

School photo dates for next year have been booked in:

- **Tuesday 5th May** Secondary Portraits
- **Wednesday 6th May** Primary Portraits and Class photos
- **Friday 8th May** Sibling and Absentee Photos

Notifying the College of your Child's Absence

If your child is sick or absent, you are required to notify the school as soon as possible **on the day of absence**, by calling 9741 4202 or entering the absence electronically via Compass.

Notifying the school of your child's absence either prior to, or on the day that they will be away, helps ensure the safety and well-being of children and will fulfill your legal responsibility.

This system also promotes daily school attendance. Going to school every day is the single most important part of your child's education, they learn new things every day – missing school puts them behind.

If you are concerned that your child is home for reasons not related to illness or family commitments, and you would like someone at the college to assist you, please do not hesitate to ring the college.

The Manor Lakes College Attendance Policy which outlines the school's processes and procedures for monitoring, recording and following-up of student absences is available on our website <https://www.manorlakesp12.vic.edu.au/policies>.

Updating Contact Details

There are times when we will need to contact you, including on the day your child is absent and you haven't informed the school as to why.

Do we have your most up to date contact details? If not, please update at the college office or email <https://www.manorlakesp12.vic.edu.au/contact-the-college> so we can update our records.

Please include parent/carers' name, address, phone numbers, email address and emergency contact details.

Please remember to contact the school if any of these details or your circumstances change.

Secondary Uniform Bank

NEEDED:

- Any items of official MLC uniform
- Plain black pants
- Plain white polo shirts
- Plain black jackets

Please drop your donations of clean, in good condition, pre-loved uniforms into the front office.

Thank you!

Passionate about the Science of Space?

The University of Melbourne will be hosting Mission Discovery during the September school holidays.

Mission Discovery is a five-day STEM program where Year 7-10 students get to work with a NASA astronaut, engineers and physicists to design an experiment for the International Space Station.

Students work in teams to develop their experiments, and the winning team will have their experiment launched into space and tested aboard the International Space Station!

Students will also:

- Learn about a range of exciting STEM career paths
- Develop leadership, teamwork, problem solving and public speaking skills
- Meet like-minded friends and mentors.

The program will be held between 30 September – 4 October. For information on cost and to RSVP your place, go to <https://bit.ly/2Z8ry9U>

Have you considered studying cybersecurity?

If you love maths, IT, solving problems, thinking 'outside the square' and working as part of a team, then you may be suited to working in cybersecurity.

Cybersecurity is one of the fastest growing industries in information and communication technologies. Demand for skilled professionals is booming with the rise of cloud computing, artificial intelligence, device interconnectivity and global cyber terrorism.

Graduates can work in industries such as national security, banking and finance, telecommunications, health care, retail, and law and specialists can earn excellent salaries.

Where can I study cybersecurity?

The following are examples of undergraduate cybersecurity courses in Victoria:

Deakin University

You can study the three-year Bachelor of Cyber Security or combine this course with a Bachelor of Criminology. You can also study the three-year Bachelor of Information Technology with a major in Security, <http://bit.ly/2pEYRbl>

La Trobe University

You can study the three-year Bachelor of Cybersecurity or combine this course with the Bachelor of Commerce or the Bachelor of Psychological Science, <https://bit.ly/2KXONB>

Swinburne University

You can study the three-year Bachelor of Computer Science with a major in Cybersecurity. You can combine this course with one of the following Bachelor degrees – Engineering (Honours) (including Software and Telecommunications), Laws, or Games and Interactivity.

Students can also apply for the Bachelor of Computer Science (Professional) with a major in Cybersecurity. Students will be guaranteed access to one year of paid industry experience.

Course information, <http://bit.ly/2uYJyN>

Cybersecurity resources

Careers with Code magazine: Has several excellent articles on studying cybersecurity and has profiles of young people working in different industries, <http://bit.ly/2tT2Qd4>

Deakin University: excellent article 'Algorithms – digital detectives in the fight against terrorism', <http://bit.ly/2tCTG9b>

Course search – Victoria, www.vtac.edu.au/
NSW & ACT, www.usac.edu.au/

Interested in the environment, design, communication, and sociology?

You may be interested in studying urban and regional planning in the future.

"Urban and regional planners develop policies and plans for the use of land and resources. They advise on the economic, environmental, social and cultural needs of particular localities or regions as they relate to the built environment and the community.

They also work on large-scale projects such as new suburbs, towns, industrial areas, commercial and retail developments, urban renewal projects and transportation links", <https://bit.ly/2mFDuxk>

The following are examples of planning courses you can study in Victoria:

- Bachelor of Urban, Rural, and Environmental Planning, La Trobe University, Bendigo, <http://bit.ly/1PILAGQ>
- Bachelor of Design (majoring in Urban Planning), > Master of Urban Planning, University of Melbourne, <http://bdes.unimelb.edu.au/>
- Bachelor of Urban and Regional Planning (Honours), RMIT, <http://bit.ly/2a4LW7I>

Volunteer overseas during your summer holidays

Latitude Global Volunteering offers a 4 – 12 week placement for students over the summer break. You can choose from a range of placements such as:

- Animal welfare project (Greece)
- Disability & community support program (UK) – can combine both programs in Greece and UK over 9 weeks.
- 10- week teaching assistant placement (Vietnam).

Cost includes: accommodation, financial allowance for meals, 24/7 support, pre-departure guidance and in country support.

For information, go to <https://bit.ly/2SyFBTM>

The University of Melbourne

Guaranteed ATARs for 2020 – just released.

Access Melbourne: SEAS applicants who have a disadvantaged financial background and/ or are from a rural or isolated area may be eligible for guaranteed entry to the University of Melbourne in 2020. Guaranteed entry is available to eligible applicants who achieve an ATAR (or notional ATAR) of:

Bachelor of Design	78
Bachelor of Science	78
Bachelor of Arts	80
Bachelor of Commerce	88
Bachelor of Biomedicine	90

Applicants with a lower ATAR will still be considered, but entry is not guaranteed, <https://bit.ly/2JVRHFH>

Aboriginal or Torres Strait Islander students

may be eligible to receive a guaranteed place in one of five undergraduate degrees at the University of Melbourne, subject to meeting course prerequisites.

All Indigenous applicants must be confirmed by Murrup Barak, the Melbourne Institute for Indigenous Development. Students may contact Murrup Barak directly at murrup-barak@unimelb.edu.au for further information about the confirmation process.

Bachelor of Arts (Extended)	50
Bachelor of Science (Extended)	55
Bachelor of Design	70
Bachelor of Science	75
Bachelor of Arts	85
Bachelor of Commerce	83
Bachelor of Biomedicine	85

Eligible applicants with a lower ATAR will still be considered, but entry is not guaranteed, <https://bit.ly/2JKIFcl>

Elite athletes who are currently in Year 12 and will complete their VCE or equivalent qualification in 2019 may be eligible for guaranteed entry to the University of Melbourne in 2020.

Students seeking guaranteed entry to the undergraduate degree options listed below must meet the course prerequisites for their chosen course and achieve the outlined ATAR (or notional ATAR):

Bachelor of Agriculture	70
Bachelor of Oral Health	85
Bachelor of Design	85
Bachelor of Science	85
Bachelor of Arts	85
Bachelor of Commerce	93
Bachelor of Biomedicine	94

Successful applications submitted by the end of August 2019 will receive a conditional offer by early October for the Semester 1 2020 intake, <https://bit.ly/2Obrcy2>

NEW JUNIOR CRICKET TEAMS IN MANOR LAKES

Meet the Dollarmites

This week.....

Pat

Everyone's favourite dog. Pat loves to run, play fetch and save up his bones so he can chew them later. He has a mischievous side and sometimes finds himself in a mess.

~ Why is it good to participate in School Banking? ~

1. Doing banking at School Banking for kids means that there are no bank queues or electronic depositing - it's all done, with good old "customer service".
2. School Banking is actually a form of fund raising for the School - the Commonwealth Bank give the school funds based on the deposits and accounts opened.
3. It gives the student a sense of maturity by being able to bank like Adults AND they get to learn the concept of savings from an early age.

Want to know more?

CISV Australia
Victoria
Building global friendship

PROGRAM OPPORTUNITY FOR 11 year olds

Only 4 Positions available
For our Village Camp being held in
Gippsland, Victoria
27th Dec 2019 to
23rd Jan 2020

CISV Villages are international camps that
educate and inspire for a more just and
peaceful world

www.au.cisv.org

Contact: victoria@au.cisv.org for more
information

Or call Eliza Galvin on 0409 694 182

Want to sign your 11 year old up to a CISV Village read these quick FAQs:

What is a Village?

The Village is designed to be a innovative, fun, non-formal 'learning by doing' program for 11-year-old children. By living in a Village, it is hoped that the participants learn with children from around the world about each other's' lives and cultures and how to communicate, cooperate and live together.

What do you do on a Village?

The Village program is divided into four stages. The first allows time for participants to get to know each other and share cultures. Once a strong foundation has been laid, participants develop connections through cooperative activities and continue to share cultural experiences through national days and activities.

What training and preparation is done before travelling to a Village?

Once the delegation has been selected, you will be required to attend some weekend meetings, a delegation activity day and a mini camp. A mini camp is a local weekend camp where participants are given an opportunity to experience what is it like to be in the CISV environment and participate in Village style activities. Before going on a CISV Village, all participants must attend and participate in at least one weekend mini-camp.

What paperwork needs to be completed?

Before a participant travels to a CISV program, there are a number of forms that need to be completed to ensure legal requirements are covered. For each delegate to be covered by CISV Travel Insurance the following forms need to be completed and given to CISV Victoria:

- Health Form - to be filled out by a medical practitioner.
- Child Travelling With Leader Form - signed by parents for appointment of temporary guardian for travel and medical care, release and consents. CISV Victoria will organise all other paperwork to ensure that the invitation has been accepted and the delegation are ready to travel.

CISV Australia
Victoria
Building global friendship

Anglesea Mini Camp October 2019

A Mini Camp is very similar to an international CISV program but on a smaller scale. It is an opportunity for all CISVers (including new participants that have never been to anything) to come together and have an awesome weekend interacting with people from all over Victoria, discussing the world around us and, best of all, having a whole lot of fun!

WHAT TO BRING:

- Sleeping Bag
- Pillow
- Towel and toiletries
- Clothes
- Rain jacket
- Torch
- Snacks to share
- Interested friends!

Please note an email with detailed camp information and Registration Form will be sent the week before Mini Camp.

CAMP DETAILS

7.30pm, Friday 18 October 2019 - 11am, Sunday 20 October 2019
Eumeralla Scout Camp
1415 Great Ocean Rd, Anglesea
